

Municipal Directory, Carroll Publishing

Now online on *Gale Directory Library*

NOW AVAILABLE Gale is proud to announce the addition of Carroll Publishing's *Municipal Directory* to the *Gale Directory Library*. For more than 30 years, Carroll Publishing's government directories have provided detailed and up-to-date information on U.S. government officials at all levels of government (federal, state, municipal and county). This trusted resource — available in eDirectory format for the first time — covers more than 60,000 elected, appointed and career officials in 7,900 cities, towns and villages across the United States.

Published twice per year, the *Municipal Directory* includes listings for cities with populations of more than 15,000 with population, county, main address, general fax number, top elected officials, council or elected board members and staff of other major governmental units. The most comprehensive resource of its kind, the *Municipal Directory* covers more cities than any other source.

Real-world users might include:

- Political activists can quickly generate mailing lists for government departments of major cities
- Government researchers can identify officials in major city government offices
- General researchers can easily gather contact information for their city council or board members
- And many others

ABOUT GALE DIRECTORY LIBRARY

CODiE Award Finalist
for Best Online Directory
& Business Leads Service

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
